About this trip

Join the expert guides at Go Wild on this all-inclusive backcountry trip into the wilds of Eastern Oregon. On this 3 night / 4 day excursion into Oregon's largest wilderness, dine on hyper-local gourmet meals, sip on craft signature cocktails, put your feet up in a hammock, and try your hand at one of many custom activities: fly fishing, hatchet throwing, foraging lessons, star gazing, packrafting, and more.

Mules carry 30lbs of personal gear per person into our deluxe wilderness basecamp as you and a group of adventurers hike alongside our professional naturalist guides. Daily hike distances range from 3-6 miles (5-10km) and up to 1500' (457m) elevation gain. During days 2, 3, and 4, enjoy day hikes to surrounding scenic alpine lakes and vistas, or choose to stay at camp and enjoy the serenity of the untouched wild.

Day 4 Hike Out of the Wilderness

After your last delicious camp meal and bottomless coffee, pack up your gear to leave at camp for our mule packer to carry out for you. While it's tempting to put your head down and hustle (like a horse to the barn), even your last day is a chance to deepen your experience in the wild and enjoy the stroll back to civilization.

Before your final departure, be sure to pick up custom Go Wild gifts, from packrafts to hand made leather work to local art prints of your location.
